

**ARE YOU A BLACK TRANS PERSON
OR A BLACK QUEER PERSON WHO
ATTENDED PUBLIC SCHOOL?**

I'd love to talk about your **educational and lived experiences** through an interview to explore what Black queer and trans students think about **informal educational programs and activities**, such as **after-school programs and support groups** for **LGBTQ+ STUDENTS**.

I am a Columbia University graduate student studying Sociology and Education Policy at Teachers College. All data collected will be confidential and ONLY used to complete my research.
